### Safety Data Sheet

|   |   |
|---|---|
| <b>1. Identification of product</b>   |   |
| Product Name  | PACSOCARB   |
| Composition   | Sodium Bicarbonate<br>Activated Carbon  |
| Appearance  | Fine grey dry powder  |
| Odour   | none  |
| <b>2. Hazard Identification</b>   |   |
| Respiratory inhalation - irritant   | Take suitable preventive action to avoid inhalation in large quantities.  |
| <b>3. First Aid Measures</b>  |   |
| Inhalation  | Coughing and sneezing may occur, but there are no serious long term effects. Remove from exposure. Administer oxygen if required and seek further medical attention.  |
| Eye contact   | Irrigate with eyewash or clean water until medical help is obtained. Obtain medical attention if necessary.   |
| Skin contact  | Wash off with soap and water to prevent any dehydration of the skin.  |
| Ingestion   | Unlikely to cause any reactions. Larger doses may irritate gastrointestinal tract. Do not induce vomiting, wash out mouth with water and give copious quantities of water to drink.   |
| Further medical treatment   | Symptomatic, if necessary. No known delayed effects. Prolonged or repeated contact with skin may result in more severe irritation or dermatitis.  |
| <b>4. Fire fighting measures</b>  |   |
| Non combustible. No special fire fighting procedure, extinguisher media or explosion hazard is identified.  |   |
| <b>5. Accidental release measures</b>   |   |
| Use vacuum suction unit, or shovel into bags using appropriate protective equipment. Cover or enclose area if possible to avoid unnecessary dust hazard. Dilute any residuals with plenty of water.   |   |
| <b>6. Handling &amp; Storage</b>  |   |
| Handling:   | Avoid contact with skin and eyes. Avoid inhalation of high concentrations of dust.  |
| Storage:  | Should be stored in a cool, <b>dry</b> environment, free from draughts. Bulk storage should be in a purpose built silo. Products in bags should be stored in a draught free brick or concrete building. Do not store adjacent to acids. |
| <b>7. Exposure control / personal protection</b>  |   |
| OEL 10mg/m <sup>3</sup> . TWA 8 hr total dust or 4 mg/m <sup>3</sup> TWA 8hr respirable dust. Wear suitable gloves, overalls and eye/face protection. Wear suitable respiratory protection equipment if exposure to atmospheric dust levels above the occupational exposure standard is likely.. Long sleeved overalls, close fitting at the openings. Wide vision full goggles with anti-mist for eye protection. Use approved dust respirators, or air-stream helmet. |   |
| <b>8. Stability &amp; reactivity</b>  |   |
| Avoid:  | Exposure to air to avoid degradation.   |
| Hazardous decomposition products:   | Begins to decompose over 270 °c to produces carbon dioxide.   |
| <b>9. Toxicological Information</b>   |   |

|                                    |   |
|------------------------------------|---|
| Inhalation                         | High concentration of dust may be irritant to the respiratory tract.  |
| Skin Contact                       | Dehydrating / irritation  |
| Eye Contact                        | May cause irritation.   |
| Ingestion                          | May cause irritation of the gastrointestinal tract if ingested in quantity.   |
| Long term exposure                 | Prolonged and repeated skin contact may cause dermatitis.   |
| <b>10. Ecological Information</b>  |   |
| Mobility:                          | Data not available  |
| Persistence & degradation:         | Data not available  |
| Toxicity:                          | The product is considered to be non toxic.  |
| Effects on effluent treatment:     | Data not available  |
| <b>11. Disposal Considerations</b> | Disposal should be in accordance with current local and national legislation. Do not dispose of with acids.   |
| <b>12. Transport information</b>   | Not classified as hazardous for transport   |
| <b>13. Regulatory information</b>  |   |
| Classification for conveyance:     | No significant hazard.  |
| Classification for supply:         | Mild Irritant   |
| Safety phrases:                    | S22 Do not breathe dust   |
|                                    | S24/25 Avoid contact with skin and eyes   |
| <b>14. Additional information</b>  | The above information is believed to be correct, but does not purport to be all inclusive and shall be used only as a guide. Blend-I-Pack Ltd shall not be held liable for any damage resulting from handling or from contact with the above product. |
